Shared Learning Awards

[SLA_2.jpg](#) [1]

The **NICE Shared Learning Awards** [2] recognise and reward examples of how NICE guidance and standards have been put into practice. This may be in the NHS, local authorities, or voluntary and other organisations. The Awards recognise and celebrate the organisations that have created innovative and effective ways of using NICE guidance and quality standards in practice.

Entries for the Shared Learning Awards 2019 close on 11 January 2019. To submit your entry and find out more, please visit the NICE website <https://www.nice.org.uk/about/what-we-do/into-practice/local-practice-case-studies/shared-learning-awards> [2]

Three finalists will be chosen from organisations across the health, public health and social care sectors. These three projects will be presented at a special reception the night before the NICE Annual Conference on 8th May, where the audience will vote live for the winner! In 2019, the networking reception will mark NICE's 20th anniversary too, so be sure to join us to celebrate 20 years of NICE.

As well as showcasing the finalists' work, the NICE Annual Conference will feature a poster display of 17 additional Highly Commended projects from across the UK.

Please note that submissions to the NICE Shared Learning Collection are welcome all year round: if you've missed the deadline for this year's awards, please submit your example anyway, and you will be considered for the 2020 Shared Learning Awards.
